

## Services of Akadémiai Kiadó

2018/01/24

National Széchényi Library currently subscribes to three services of Akadémiai Kiadó, namely, the journals and dictionaries packages and the so-called MeRSZ, which provides Library users with an unlimited access to the full text of Hungarian and foreign-language journals included in these packages, to dictionaries published by the Kiadó, as well as to the continuously expanding electronic collection of basic and reference books.

National Széchényi Library currently subscribes to three services of Akadémiai Kiadó, namely, the journals and dictionaries packages and the so-called MeRSZ, which provides Library users with an unlimited access to the full text of Hungarian and foreign-language journals included in these packages, to dictionaries published by the Kiadó, as well as to the continuously expanding electronic collection of basic and reference books.

Service is provided platform-free, no download of a special application is required, and it is available on desktop computers, tablets or mobile phones, anywhere at the IP location of NSZL.
