

# Networkshop 2021

2021/04/06

The logo for Networkshop 2021, featuring the word "NETWORKSHOP" in a bold, blue, sans-serif font. The letter "W" is stylized with a green and blue geometric shape behind it.

Between April 6 and 9, 2021, the representatives of the library, research and education profession will organize the Networkshop for the thirtieth time this year. Many colleagues of the NSZL will also deliver presentations at the event, which will be held online.

A large, horizontal version of the Networkshop logo, with the word "NETWORKSHOP" in a bold, blue, sans-serif font. The letter "W" is stylized with a green and blue geometric shape behind it.

Due to epidemiological restrictions, the HUNGARNET Association, in cooperation with the Ministry of Innovation and Technology and the Digital Success Programme, is organizing online the event NETWORKSHOP, the most prestigious national computer network and application informatics conference of higher education, public education, research and public collections. The event will take place between April 6 and 9, 2021.

The event - virtual this time - is hosted by ELTE, whose IT director provides not only the professional partnership but also the computer background. The conference is organized by Comp-Rend Ltd.

### **The colleagues of the NSZL delivering presentations are:**

- László Drótos: A közösségi média archiválásának nehézségei (Difficulties in archiving social media)
- György Drucker: Információbiztonság és adatvédelem az Országos
- Könyvtári Platform szolgáltatásaiban (Information security and privacy in the services of the National Library Platform)
- Diána Horváth: Nemzeti könyvtári digitalizálás állományvédelmi folyamatai (Stock protection processes of national library digitization)
- Szabina Ilácsa: Hogyan lesz a házi szabályzatból alkalmazásprofil? (How does the internal policy become an application profile?)
- Miklós Lendvay: A könyvtári együttműködés informatikai támogatása: adatmodell, workflow, rendszerfelépítés (IT support for library cooperation: data model, workflow, system architecture)
- István Moldován: Vitaindító (Keynote speech)
- Tamás Mészáros: Digitalizálás megújítása az Országos Széchényi Könyvtárban (Renewal of digitization in the National Széchényi Library)

## Networkshop 2021

Published on Országos Széchényi Könyvtár (<http://193.6.201.226>)

---

- Márton Németh: A COVID járvánnyal kapcsolatos webarchiválási tevékenységek – nemzetközi és hazai körkép (COVID epidemic-related web archiving activities – international and domestic overview)
- Mátyás Attila Rényi: A Mikes Kelemen Program működése és megújult szolgáltatási felülete (The operation and the renewed service interface of the Kelemen Mikes Programme)
