2021/06/07

Thanks to the cooperation between the NSZL and the European Union Intellectual Property Office (EUIPO), the database of out of commerce works developed and operated by the EU organization could be launched with Hungarian data.

A screenshot of the EUIPO 'Out of Commerce Works' portal. The interface includes a blue header with 'English' and 'AA' dropdowns, and a 'Login' link. Below the header is the EUIPO logo and the tagline 'Promoting and supporting intellectual property value'. A navigation menu contains 'Home', 'About the Observatory', 'Intellectual property for...', 'Facts, Figures and Case Law', and 'News &amp; events'. The main content area features a large banner image of a historical scene with a search bar overlay. The search bar contains 'All criteria' and a search icon, with a 'Search' button and a link to 'Advanced search'. Below the banner, there is a section titled 'Information about out-of commerce works' with the text: 'Out-of commerce works are works that are no longer available through customary channels of commerce'. The banner image includes a caption: 'Postcard, Olympic Games 1912 Stockholm, Granbergs konstillustri AB Förlag, National Library of Sweden.' and a Creative Commons license icon.

Thanks to the cooperation between the NSZL and the European Union Intellectual Property Office, the database [Out of Commerce Works](#) [1], developed and operated by the EU organization could be launched with Hungarian data. The portal could play an important role in making digitised documents subject to copyright protection accessible in the future. The new regime for the use of out of commerce works by cultural heritage institutions is provided in [Chapter IV/B of our Copyright Act](#) [2].
