

The World of WorldCat

Rosanna Ramacciotti
Territory Development Director

OCLC is a global library cooperative that provides shared technology services, original research and community programs.

A light green world map is centered on the slide, showing the outlines of continents and countries. The map is semi-transparent, allowing the text to be clearly visible over it.

Helping Libraries **Manage and Share Print Monographs**

SCS

In January 2015 OCLC acquired

Sustainable Collection Services

- The GreenGlass solution of SCS allows to analyze the data and give decision support – the first part of the workflow circle
- SCS is now an integral part of OCLC
- Leverages existing OCLC Research on the **‘collective collection’**
